## **Online Training on “Blended Learning” 11th - 15th September 2023**

### **Information Brochure**

The National Education Policy (NEP) 2020 marks a significant paradigm shift in the country's educational landscape. With an emphasis on holistic and flexible learning, the NEP 2020 recognizes the significance of technology-enabled education to bridge gaps, ensure access and enhance the quality of learning experiences. One of the key aspects emphasized in the policy is the adoption of blended learning methodologies. The relevance of blended learning aligns seamlessly with NEP 2020's vision for transforming education in India. Blended learning, which combines traditional classroom instruction with online elements, directly addresses the NEP's call for a multidisciplinary and skill-oriented approach. By integrating digital tools, blended learning can offer personalized learning pathways, promote critical thinking, and encourage self-directed learning – all essential components of the NEP's learner-centric paradigm. NEP suggests harnessing the potential of blended mode for the training of Special Educators (Para 5.21), offering Teacher Education and Higher Education courses through Open and Distance Learning (ODL) (Para 5.23 and Para 10.10 respectively) and Adult Education (Para 21.10). Additionally, blended learning's potential to reach learners in remote and underserved areas, as well as its ability to accommodate diverse learning styles, resonates with the NEP's goal of inclusive and equitable education (Para 24.4). This innovative approach not only addresses the challenges posed by traditional rote-based education but also prepares students to thrive in an increasingly interconnected and technology-driven world. Overall, the NEP 2020's forward-looking principles align with blended learning's capacity to modernize education, making it a relevant and promising strategy for the educational landscape in India.

Blended learning holds immense potential to revolutionize the way learning and teaching are done. By integrating the strengths of both in-person and digital learning, blended learning offers a flexible and personalized experience that caters to diverse learning styles and paces. This approach allows students to access content and resources at their convenience while engaging in interactive online discussions and activities that promote active learning. Moreover, educators can harness the power of technology to create engaging multimedia materials, track individual progress, and provide timely feedback. Blended learning also addresses the limitations of traditional classroom settings, enabling education to extend

beyond physical boundaries and time constraints. As technology continues to advance, the potential of blended learning to enhance educational outcomes, foster critical thinking and prepare learners for the digital age remains a promising avenue in the evolution of education.

With reference to the above context, the Central Institute of Educational Technology (CIET-NCERT) is organizing an online training series on 'NEP 2020: Recommendations on ET & ICT' every second week of the month from 4:00 pm to 5:00 pm from Monday to Friday to orient the stakeholders on the recommendations of NEP 2020 in leveraging digital technology. As a part of series for the month of September, CIET-NCERT is organizing five hours of online training on **"Blended Learning"** from **11th - 15th September 2023** from **4.00 pm - 5.00 pm**. The sessions will enhance the understanding of teachers, students, teacher educators, administrators and other stakeholders on the concept, need & scope and adjuvant areas of blended learning.

The online training will be live telecasted on NCERT official YouTube channel- <https://www.youtube.com/c/NCERTOFFICIAL> and also be simulcast through PM eVidya DTH TV channels numbered #6-12 and Jio TV mobile app. A Post-Session Quiz will be conducted and the participants scoring 70% and above will be certified (Certificates will be issued within one month of the training).

### Objectives:

*On completion of this training, learners will be able to:*

- explain the concept and benefits of blended learning.
- describe various models of blended learning with examples.
- explore strategies for designing engaging and effective blended learning experiences.
- explore various tools and resources that support blended learning.
- explore assessment strategies and feedback mechanisms in a blended learning environment.

### Programme Schedule:

Day & Date	Title of the Session	Resource Person
------------	----------------------	-----------------

Day 1: Monday 11 September 2023	Blended Learning: Policy Recommendations, Concept, Need and Scope	Prof. Marmar Mukhopadhyay, Chairman, Educational Technology and Management Academy (ETMA), Gurgaon, Haryana - 122003
Day 2: Tuesday 12 September 2023	Models of Blended Learning	Prof. Sandeep Sancheti, Vice-chancellor, Marwadi University, Rajkot, Gujarat - 360003
Day 3: Wednesday 13 September 2023	Designing Blended Learning	Prof. Jayashree Shinde, Head, Dept. of Educational Technology and Director, Teaching-Learning Centre (PMMMNM-TT-MoE), SNDT Women's University, Mumbai, Maharashtra - 400049
Day 4: Thursday 14 September 2023	Technology Tools and Resources in Blended Learning	Prof. Manas Ranjan Panigrahi, Pro Vice Chancellor and Dean Academics, Sangam University, Bhilwara, Rajasthan.
Day 5: Friday 15 September 2023	Assessment and Feedback in Blended Learning	Prof. Hrushikesh Senapaty, Professor, Regional Institute of Education, NCERT, Bhubaneswar, Odisha - 751022

### Who can participate?

Students, Teachers, Teacher Educators, Parents, Administrators, General Public, etc.

### How to participate?

#### Step 1: Registration

Register yourself by clicking the link <https://forms.gle/bPFeYfg7K2EdQBwPA> or scan the QR code :

#### Step 2: Watch Training Sessions

Participants have to attend training sessions, which will be live-streamed on NCERT Official YouTube channel - <http://youtube.com/ncertofficial> from **11th - 15th September 2023** at **4:00- 5:00 pm** (Monday to Friday). The sessions will also be telecasted LIVE on the following:

- PM eVIDYA Channels #6-12
- DD Free Dish Channel
- DISH TV Channel #2027-2033
- Jio TV mobile app

If you missed the Live Sessions, you can watch the recordings on the playlist. The link to the playlist will be updated after the session on 11th September 2023 in the event page.

#### Step 3 Participation in Post-Session Quiz and Certification

Participate in the Post-Session Quiz, score 70% & above to get a certificate. Post-Session Quiz Link will be updated on the event page on 15th September 2023 by 6 pm.

**Assessment Opening Date: 15th September 2023 by 6 pm**

**Assessment Closing Date: 25th September 2023 by 6 pm**

Participants are allowed to attempt the quiz only once and those scoring 70% and above in the quiz will receive a certificate of participation on their registered mail ID within 30 days of taking the Post-Session Quiz (Check in SPAM Mail if not found in the Inbox). Queries related to non - issue of certificates will be entertained only after 30 days from the date of opening the post-session assessment, i.e., after 25th October 2023. Response will be provided only to the mails sent to the mail ID training.helpdesk@ciet.nic.in.

#### **Step 4: Submit Your Feedback**

Submit your feedback using the link <https://forms.gle/3BxqVvVAHjp4U2Z26> or by scanning the QR code

This feedback form is intended to know your experiences, learning, and suggestions regarding the online training on “**Blended Learning**” organized by CIET-NCERT. Kindly share your experiences and suggestions with us. This will help us further improve the virtual training process. The confidentiality of your responses will be ensured.

**For any further queries, mail to: [training.helpdesk@ciet.nic.in](mailto:training.helpdesk@ciet.nic.in) or call: 8800440559.**

#### **Organising Team:**

##### **Programme Advisory:**

Prof. Amarendra P Behra, Joint Director, CIET - NCERT, New Delhi

Prof. Indu Kumar, Head, DICT & TD, CIET - NCERT, New Delhi

##### **Programme Coordinator and Course Coordinator :**

Dr. Angel Rathnabai, Assistant Professor, CIET - NCERT, New Delhi

##### **Course Co-Coordinator:**

Dr. Urvashi Sachdeva, Senior Academic Consultant, CIET - NCERT, New Delhi
