PRIORITY

NOTIFICATION NO. 33 /2024

Dated Kohima, the 5th April 2024

NO.NBE-10/Ex-XI/2024-25 :: The following is hereby notified for information of all concerned:

The school is a learning organization. At some point, all the school's stakeholders-students, parents, teachers and school administration must understand *what* each student is learning, *how* each student is learning and *how* much material has been mastered.

This is necessary not only to measure progress but also to remove any obstacles the student may be facing in the process.

Student progress is normally gauged through a variety of assessment including tests and examinations. All schools should note that if a student has been helped and guided rightly, he/she should be able to approach the examination confidently and take it in stride, performing to his/her optimum ability.

Each child is unique. A normal classroom ecosystem is diverse. Different types of learner coexist and learn together. School Administration and teachers needs to understand this. Realizing that each child is unique makes differentiation a requirement for daily classroom practice.

Taking into account the above and with the Class XI Promotion Examination 2024 results declared, the Board is interested to undertake a study on the evaluation done by the schools and the learning difficulties of the students. Therefore, all Higher Secondary Schools are hereby directed to submit the answer scripts of the **failed students (all subjects) who appeared the Class XI Promotion Examination 2024 for all streams within 25th April 2024.** *The answerscripts can be sent by registered Speed Post to the Secretary, NBSE.*

Secondly, schools who have issued **Transfer Certificate to passed or failed students** are directed to give the list of such students. It is pertinent to mention here that if any school provides false information and is caught later, action will be taken.

Lastly, while the Board desires all schools to be successful schools, it also would like to caution the schools that if any cases of irregularities in admission, examination, financial matters etc. are detected/found, appropriate action shall be taken to the extent of withdrawing the registration provisional permission or recognition of the school.
