**NOTIFICATION NO.38/2025**

Dated Kohima, the 30<sup>th</sup> May, 2025

NO.NBE-8/Ad-Misc(10)/2025-26: **World Environment Day**, celebrated on the 5<sup>th</sup> of June each year, is a global platform for raising awareness and encouraging action for the protection of the environment. In this regard, all institutions under the Nagaland Board of School Education (NBSE) are directed to observe the day meaningfully in their respective institutions through relevant activities and programs that promote environmental consciousness among students.

The theme for this year is '**Ending Plastic Pollution Globally**' focusing on addressing the issue of plastic pollution and its impact on the environment, highlighting the need for solutions to reduce, reuse and rethink plastic pollution.

One of the most widespread environmental problems of our time is plastic pollution. Plastics damage ecosystems, pollute the rivers, get into the food chain as micro-plastics (which are microscopic pieces of plastic) and endanger human health and wildlife. By encouraging students to undertake awareness activities such as removing/segregating plastic wastes from school premises, organize eco-awareness events on plastic pollution and embrace sustainable practices will help children to understand the impacts of plastic pollution on the environment and the importance to adopt sustainable approaches with an aim to combat plastic pollution.

Therefore, all schools are requested to organize activities based on this year's theme on **5<sup>th</sup> June 2025** and submit a report of the activities undertaken through the **NBSE Connect App**.
